## Photovoltaic panel back sheet separation

---

### Experimental Methodology for the Separation Materials in the

...

attrition, and vibration for glass separation and is the less polluting method compared to the other two [10-12]. Thermal treatment is mainly used to remove the polymeric fraction of the ...

### Technological Advancement in Solar Photovoltaic ...

The PV panel was placed on a conveyor belt that took it through a furnace at over 773.15 K, sufficient to break the insulating junction plates and the back sheet, thus allowing for the separation of the PV layers, where the ...
