

## Solar Energy South Africa

# Photovoltaic panel export tax rate

## Overview

---

The Export Tax Rebate Rate For Photovoltaic Modules Has Been Reduced To 9%! Are export tariffs a good idea for solar PV?

For homes with solar photovoltaic (PV) panels, export tariffs like the SEG are a great way to bolster your energy bill savings. In this article, we'll explore how the SEG works, the benefits for solar PV system owners, and how it's shaping greener living in the UK.

How much do solar panels cost to export?

Find out which energy companies have the best rates. The amount you can get paid for exporting energy from your solar panels varies from a paltry 1p to as much as 40p per kWh. That means that if you've got solar panels, choosing the best export tariff could earn you hundreds of pounds extra in payments every year.

Do solar panels have a Smart Export Guarantee (SEG)?

The good news for solar panel owners is that large energy companies are obliged to pay for the excess energy that is exported, under the Smart Export Guarantee (SEG) scheme. What is the Smart Export Guarantee?

.

What is the average solar export tariff?

Our analysis of the Ofgem SEG reports from 2020 to 2023 shows that the average solar export tariff has increased since the SEG launched. It started at an average of 3.15p/kWh in 2020, jumping to 4.52p in 2021, and then up to 6.78p in 2022.

How do tariff rates for solar PV installations work?

The amount of generation which is deemed to be exported is set by the Secretary of State for the Department of Energy Security and Net Zero each

year in their annual determinations. Tariff rates for Solar PV installations are uniquely split into Higher, Middle and Lower bands.

Can solar energy be exported back into the National Grid?

But that excess energy can be used elsewhere, by exporting it back into the National Grid, which then distributes it to wherever it is needed. The good news for solar panel owners is that large energy companies are obliged to pay for the excess energy that is exported, under the Smart Export Guarantee (SEG) scheme.
