

Solar Energy South Africa

Photovoltaic panels for charging mobile phones

Overview

Solar panel phone chargers work by utilizing small solar panels to harness the power of the sun to charge either your phone's battery directly or a separate battery bank attached to the panel. Can You charge a mobile phone with solar power?

Charging your mobile phone . with solar power works in one of two ways: A solar panel charges a rechargeable battery, that in turn charges your mobile. This means you can charge your phone even when there is no sunlight - at night for example - so long as you've charged your battery during the day.

What are the different types of solar phone chargers?

There are two types of solar phone chargers: Direct solar chargers connect the solar panels to your phone, so the energy produced by the panels goes directly into your phone's battery. A battery bank solar charger doesn't get hooked up to your phone.

Can a 5W solar panel charge a phone?

This ultra-thin 5W solar panel is an all-in-one solution and, unlike other solar chargers in our list, has an integrated 2,200mAh battery pack embedded on the back. That's about enough to charge your phone once, which is all you need in an emergency.

Can You charge a mobile phone with a solar power bank?

Solar power banks and portable phone chargers, with or without Solar backup, all also recharge on mains/PC/Car USB. Capacity ranges from 2 to 50+ stored phone charges before recharge or with added Solar indefinite ongoing off-grid power. Assume a phone needs 2.5Ah and a Tablet 5Ah +. NB: An old Nokia had a 1Ah battery, which lasted for a week.

Should you use a portable solar panel Charger?

Typically, portable solar panel chargers are meant to function as a source of

backup power, not as the primary way to charge your phone every day because of their slow charging speed. The quality and efficiency of solar-powered phone chargers are getting better all the time.

Where can I buy portable solar panels?

Portable solar panels at Argos. Use the sun's power to charge your devices on the go with portable solar panels. Order online today for fast home delivery.
