

Solar Energy South Africa

Photovoltaic solar panel installation accessories

Overview

What are the essential products for solar power installation?

Essential products for solar power installation: cables, terminals, cable glands, connectors, tools & heat shrink. Ensure your photovoltaic system is safely & securely installed with these products.

What does a self-install solar panel kit include?

Our self-install solar panel kits have everything you need to complete a roof-mounted solar panel installation on your house, garage, outbuilding or business premises. Each kit includes solar panels, a hybrid inverter, wiring, cables, mounting brackets and railings.

What is the solar outlet?

Move towards energy independence by harnessing the power of the sun. The Solar Outlet is your specialist "one stop shop" for DIY solar panel kits, inverters and accessories, with a superb range of solar panels and ancillary products in stock sourced from the most trusted names in the renewables industry.

Does the solar outlet accept credit cards?

We accept all major credit cards and bank transfers. See a selection of our latest kits below. The Solar Outlet offer Tier 1 MCS solar panels, accessories and solar battery storage systems that enable you to affordably harness the power of the sun for your home.
