# Photovoltaic tile array support

## Overview

---

Are solar PV roof tiles a good choice?

An ideal choice for both roof refurbishments and new-build projects, Solar pv roof tiles provide an uncluttered aesthetic with no visible brackets or racking, as well as easy maintenance and our market-leading 15-year guarantee. Marley SolarTile® can be fitted as part of a typical roofing project and installation is fast.

How do I install roof-integrated solar panel roof tiles?

Roof-integrated solar panel installation is a simple process with Marley SolarTile® - just secure the fixings, place the first tile, push-fit additional tiles and then attach final fixings and flashings.

What are Marley solartile ® panels?

Installed in either a landscape or portrait orientation, Marley SolarTile ® panels are easily combined using patented push-fit technology to create solar arrays of any shape and size. As well as this, the industry leading 5mm panel spacing and hidden fixings give a high-end, sleek aesthetic to your solar roof.

Can a solar roof be installed on a tile roof?

The Universal Roof Mounting System for Tile Roofs The Clenergy PV-ezRack ® SolarRoof™ is designed for residential and commercial tile roof applications. This system allows installation on tile roofs. Robust design and high-quality materials. Corrosion resistance is achieved through anodised structural grade aluminium and stainless steel components.

Why should you choose a solar PV system?

The solar PV panels also form part of the roof covering, directly replacing roof tile sections, giving the extra benefit of time saving on installing the roof tiles. Comprehensive installer training is also available, giving contractors the skills and knowledge they need to carry out installations quickly and to a high

standard.

Are Marley solar tiles wind resistant?

The PV solar tiles also provide excellent weather-tightness and wind resistance, without the need for extra roof batten support, adhesive flashing rolls or fireproofing materials. The certified wind resistance for Marley SolarTile ® is more than four times higher than competitor PV roof tiles and is suitable for even the most exposed locations.
