### Soluciones de Energía Solar

ProSolar ha perfeccionado la matriz solar de 25 años. Cada conexión en todo el sistema se compone de aluminio, acero inoxidable, vidrio y plástico resistente a los rayos UV de la más alta calidad para garantizar que nuestras instalaciones "libres de óxido" permanezcan correctamente conectadas a tierra y estructuralmente sólidas durante la vida útil del sistema.

## how much could i save on solar energy every month?

The amount of money you'll save on energy every month depends largely on whether or not your home is still connected to the grid or if it utilizes a backup battery like Tesla Powerwall. If your home utilizes Tesla Powerwall in conjunction with solar panels, you'll see the greatest savings because your backup battery will [...]
