Refu drive Rwanda

Overview

Where can refudrive be used?

Wherever electrification of mobile machinery and commercial vehicles is in demand. Whether in automated vehicles for container transport, in machinery for agriculture or construction applications or for modern municipal vehicles and e-busses - the system solutions from REFUdrive can be used flexibly, efficiently and sustainably.

Does refudrive support gozero?

In this way, we not only live up to our own claim, but also effectively support the "GoZero" initiative of the PRETTL Group, the parent company of REFUdrive.

What is refudrive India Diwali?

Celebrating the festival of lights at REFUdrive India Diwali, a time of togetherness, joy, and gratitude, fills our lives with warmth and light, symbolizing the triumph of good over evil. This year, our Pune office came alive with vibrant decorations, delicious sweets, thoughtful gifts, and lively games that brought smiles all around.

Is refu a good company?

REFU's commitment to excellence and innovation has been recognized through numerous awards and accolades. The company received the "High Efficiency Winner" award from Photon Lab from 2007 to 2010 and was recognized as one of the "Top 100 Top Innovators" from 2011 to 2013.

What makes refu Elektronik unique?

REFU Elektronik has also made a name for itself through the development of groundbreaking products. As one of the first manufacturers, the company was able to introduce a 100K inverter to the market, further solidifying its position as a technology leader.

Refu drive Rwanda

A Part of PRETTL

With nearly 400,000 inverters deployed worldwide, REFU has made a significant contribution to the spread of renewable energy. Particularly in the core markets of Europe and Asia, with nearly 300,000 units in operation, as well as in India, a ...

REFU Drive GmbH

Je nach Ihren Bedürfnissen kann der On-Board Charger auf verschiedene Weise konfiguriert und angeschlossen werden. Im Paar-Modus können zwei Geräte verwendet werden, die sich einen 63 A/400VAC-Eingang teilen, was den Betrieb mit einer AC-Wallbox gemäß der Norm EN 61851-1:2011 ermöglicht.

drive 500 Product Program

customization for the particular drive task at hand. All requirements, from a simple VFC (voltage frequency control) drive to a highly dynamic FVC (flux vector control) drive can be covered with 2 different control components. Indramat Refu has developed its own patented flux vector current regulator for this. The system offers drive converters in

Technology Partner , Kalyani Powertrain

REFU Drive GmbH was founded as a 50:50 joint

venture between Bharat Forge Ltd. (Now Kalyani Powertrain Ltd. - A Wholly-owned subsidiary of Bharat Forge Ltd.) and the pioneer of frequency converters, REFU Elektronik GmbH, to advance the development and global marketing of power electronics for all-electric and hybrid drive solutions.

STORAGE

Der REFUstor Batterie-Wechselrichter basiert auf der neuen Wechselrichter-Plattform von REFU. Dieser Wechselrichter ist speziell für alle Hochspannungsbatterien ausgelegt. Mit einer Nennleistung von 88 kW bei 400V ist er perfekt für kommerzielle Anwendungen hinter dem Meßgerät wie Eigenverbrauchsoptimierung oder Peak-Shaving geeignet.

Single / Combi Inverter RPCS 730-17K /-17K3K / -28K

The auxiliary inverter for buses, trains and mobile machines Our single and combined inverters in the 17K and 28K power classes offer the possibility, for example, of operating a hydraulic pump via the AC connection and simultaneously generating a 24 VDC on-board voltage.
