.

How can I become a solar energy business owner?

To become a solar energy business owner with Solar Grids, you don't need any technical degrees, professional licenses, or a solar energy background. All it takes is ambition and determination. Why choose Solar Grids?

You will receive a territory population of 500,000, which is larger than what competitors offer (200,000 - 250,000).

Can you lease a solar farm?

Using a portion of your land to lease for a solar farm opens up a diversified and dependable income stream. Responsibly designed solar can be a partner that supports the success of the UK's rural communities for generations to

come.

Why is solar farm rental income important?

Farm rental income is considered a favourable revenue stream by banks and lenders, which has allowed our solar farm landowners to successfully secure further financing using the rental income. This also allows landowners to address and improve future financial planning for their business and to keep farms in the family long term.

Should you start a solar business?

Starting a solar business through Solar Grids offers multiple streams of income and additional cash-flow. Franchisees can earn extra money not only by selling solar or installing systems, but also by referring investors or investing themselves as a Power Partner, receiving passive monthly payments for 25 years.
