Lithium-Ion Battery Storage Cabinet

The latest addition to our lithium containment portfolio, the Lithium-Ion Battery Cabinet enables safe storage of batteries with full containment in case of a thermal runaway. The cabinet exceeds all IFC24 storage standards and features casters to enable easy movement and placement of inventory anywhere in the facility to meet operational needs.

Lithium Battery Storage Cabinets , Herbertwilliams

Lithium batteries naturally deteriorate over time, and a fully charged lithium-ion battery will lose about 20% of its capacity after a year of storage. The way you store lithium batteries can make them degrade faster or help them have a longer lifespan.
