Visitor Information ? Saint Helena Island Info ? About St Helena, in

A tip about the sun: St Helena is much closer to the Equator than Britain and the rest of Northern Europe, which means the sun here has much more Ultraviolet light, which in turn means you sun tan/burn much faster. If you are fair-skinned you will need strong sunblock or should limit your exposure to the sun (not just direct sunlight, but also reflected light off, for example, light ...

Vacancies

It is SHG's policy to encourage mobility within the public service, with the majority of vacancies being advertised internally. However, when and where suitable candidates for particular posts are not identified or forthcoming from within the service, then such positions are advertised more widely. All vacancies for external recruitment can be found on this page [...]
