Solar Panels That Last

There is some incredible technology taking place in the world of solar energy at Case Western Reserve University, and it is being helped along due to the research assistance of 5 Saint Martin students who have spent time working as paid interns ...

Solar Pool Heater Panels

OKU panels require lower pump powers hence if you're changing your system over to OKU panels from strips, your existing pump may use more energy than is required. If you're purchasing a new pump make sure it's specifically suited for solar pool heating systems, as pool filter pumps are geared differently.
