Saint Pierre and Miquelon on grid solar system with battery backup

Can you add battery backup to grid tied system? : r/solar

a) Is it possible to add a small backup battery system to a grid tied system? b) Is it better to just get a portable battery system that just charges up from a regular outlet? Only issue I saw was that they start to get really expensive when you want to power things like space heaters, and at that point, getting a solar battery system starts to
