

Solar Energy South Africa

Samoa lennon solar

Overview

What is solar for Samoa?

The Solar for Samoa project set the benchmark for quality solar power projects in the South Pacific. The two sites will provide up to 27% of the network power during peak output. MPower has successfully delivered a wide range of renewable and conventional power systems across the region.

Does Samoa have a solar power station?

MPower was awarded a contract to deliver a fully operational 5.0MW solar power station across two sites in Samoa. The first site at Faleolo International airport has a 3MWp solar PV ground mount system. The second site at Faleata Race Track has a 2MWp solar PV group mount system.

Who managed the Solar for Samoa project?

The project was managed by MPower's construction manager, project manager and HSE managers and carried out by local staff (peaking at 220) in Samoa with regular visits from MPower's team in Sydney. The Solar for Samoa project set the benchmark for quality solar power projects in the South Pacific.

...

Pricewise, Lennon Solar are very competitive and am delighted that they are a local business with a reputation for quality workmanship - which is also my experience. I have no hesitation in recommending Lennon Solar to anyone who wishes to get the best solar PV experience. Date of experience: 28 September 2023

[Customer Reviews for Lennon Solar](#)

Overall, dealing with Lennon Solar was a truly pleasant experience. From adhering to timelines and conducting surveys to delivering a high-quality finished product, they exceeded my expectations at every step. Kudos to Lennon Solar and their install teams for their dedication and professionalism.

Lennon Solar

Lennon Solar installed our solar panels in May. Niall was the initial contact and I found him to be extremely easy to deal with. Munication was excellent from start to finish from Nial, the installation team and the people in the office. The lads were efficient, friendly and tidy. I would highly recommend Lennon Solar and have done so to many
