Electronic shift to neutral without starting engine or having dead

Please explain to me how to shift my 2022 GMC AT4 to neutral without having to start engine. For example, imagine having a engine trouble that requires towing but you are unable to start the engine as normally required before using the electronic shift. The tow operators only option was to winch drag the truck onto his flatbed. Thanks in advance!

**Off-Grid , nickel battery , Saft ,
Batteries to energize the world**

Saft's nickel battery product ranges deliver highly reliable and efficient energy storage in off-grid schemes, from the point of production through transmission and distribution to consumption, and is ideal for Sub Saharan African and emerging economies across Asia, where much of this demand will come from.. Storing renewable energy with Saft's off-grid Ni-Cd battery solutions
