

Solar Energy South Africa

Signature solar reviews Saudi Arabia

Overview

Are signature solar panels in good condition?

Signature Solar listed them as being in "great condition". As you can see in the pictures, they were in no such condition. In regards to the integrity of the panels, I'm not an expert, so I have no idea what sort of problems the cracks on the backside can cause.

How do I contact signaturesolar?

If you have any questions or concerns, you're welcome to reach out to us at engagement@signaturesolar.com! This company is great! Made the whole process easy with the sales support! 100/10 would recommend. Date of experience: July 08, 2024.

Why did you buy solar panels from signature solar?

The only reason I bought the panels from Signature Solar was because Santan Solar was out of stock at the time. From the photos it looks like the backsheet has excessively weathered. In my opinion that isn't necessarily going to lead to failure from moisture intrusion.

Do used solar panels undergo inspection before being sold?

I reached out to Signature Solar, provided images, and asked them if the used panels undergo any inspection before being sold. This was the response I received: As far as the used panels go, they are supposed to undergo inspection before they are palletized and sent to us.
