Will Singapore set up a data centre in Sarawak?

Photo by Muhammad Rais Sanusi KUCHING (July 13): The Sarawak government is ready to assist Singapore in terms of land and energy should the latter wish to set up its data centre in the state, Premier Datuk Patinggi Abang Johari Tun Openg has announced.

Is Sarawak ready for a shared power grid in Borneo?

Exclusively for Malay Mail readers: Use code VERSAMM10 KUCHING, Oct 31 — Sarawak Premier Tan Sri Abang Johari Openg today said the state is proud to play a role in spearheading a shared power grid in Borneo and to work with Indonesia and Singapore to progress the Asean power grid.

Who is futuredata Sdn Bhd?

FutureData Sdn Bhd brings together the expertise and resources of Cyclect Group and TSG Group. Cyclect Group, with over 8 decades of experience in sustainable engineering and maintenance solutions, will play a pivotal role in implementing cutting-edge technologies for green data centers.

Could Sarawak be a source of energy?

In terms of energy, he said Sarawak had plenty of hydropower resources, with four huge dams, adding that the water could be a source to produce energy such as hydrogen, and floating solar panels to generate solar energy. "Singapore is short of energy and space.

Why is Sarawak a good place for data centres?

Cyclect Group managing director Melvin Tan said Sarawak's favourable environment and resources make the state an ideal location for data centres, which play a crucial role in shaping the future by fuelling innovation and supporting advancements in artificial intelligence.

How can Sarawak play a role in green energy?

Abang Johari had said that Sarawak aims to play a leading role in green energy by tapping and developing renewable resources, such as solar and bioenergy, in addition to its huge hydro power resources. He said the state's many rivers and abundant sunshine could be harnessed to generate solar power.
