All faculties in Novi Sad will start producing electricity in rooftop

The six educational institutions that will receive money for solar panels next year are the Faculty of Sport and Physical Education (Novi Sad), the University of Novi Sad, the Faculty of Sciences (Novi Sad), the Academy of Arts (Novi Sad), the Faculty of Civil Engineering (Subotica) and the BioSense Institute (Novi Sad).

[Solar Panels in Novi Sad](#)

The advantage of solar panels is that they use solar energy to produce electricity. All the energy produced by the panels is directly fed into your electrical grid. If you manage to meet your needs in this way, you don't have to pay extra for the electricity you normally use. Looking for high-quality solar panels in Novi Sad? Check out the
