Ministry of Health The Republic of South Sudan

The South Sudan Essential Medicines List 2018 (SSEML 2018) is an update to 2007 edition. The last edition (SSEML 2007) was developed before the medicines required for management of common illnesses in South Sudan. The process of review and update involved a desk review of relevant treatment guidelines, consultations with multiple

South Sudan

3 ???· South Sudan - Climate, Rainfall, Temperature: South Sudan has a tropical climate with wet and dry seasons. The seasons are characterized by the oscillation, north and south, of the boundary between moist southerly air and dry northerly air. This phenomenon, more specifically, involves the seasonal migration and pulsation of the northern tropical continental air mass and ...
