Spectra power system Åland

Spectra power system Åland

LB-2,800

Ready to combine with a solar power system. < 8kW 3,155l/h 833gph LB-4000F-220M Brackish Water system, framed with manual controls 1200** 680l/h, 180gph LB-4000C-220 Brackish Water system, framed with automated Spectra Connect controller 1200** 680l/h, 180gph LB-14000F-M-BR2S Brackish water system, framed with manual controls 5300** 2,208l/h

Spectra PowerBox 310

Unser industrielles Embedded System Spectra PowerBox 310-i5 ist für den Einsatz in FTS besonders geeignet, da es folgende Eigenschaften mit sich bringt: Kompaktheit
 Unsere Spectra PowerBox 310-i5 ist ein kompaktes Leichtgewicht von nur 1,75 kg und den Maßen 203 x 142 x 67 mm. Somit findet es auch in kleinen FTS Platz.

Spektrale PowerBox 5000

The Spectra PowerBox 5000 high-end GPU computing system opens the doors to a whole new dimension in image processing. It consists of a basic system that can be expanded with up to two modular GPU expansion boxes. The excellent computing power of the base system is based on Intel® Xeon® or Core(TM) i3/i5/i7 (Coffee Lake-R) CPUs of the 9th

Tactical Communications For Land, Air & Sea

The appliqué connects to a power supply, which is either a standard radio battery, a vehicle or transport 12/24V DC or AC, depending on which SlingShot system is in use. The power supply powers the appliqué and the omni-directional ...

Ultra kompakte und lüfterlose Spectra PowerBox 110

The demands placed on embedded computers in industrial environments can usually be described by the three terms - robustness, compactness and computing power. The Spectra PowerBox 110 Mini-PC was developed precisely for these applications. This ultra-compact Mini-PC fits into a housing of only 150 x 52.3 x 105 mm.

Buy Spectra PowerBox 320 Advanced 3-11 Buy your Spectra Industrial PC directly in our webshop: Personal advice Fast shipping Ready-to-run pre-defined systems. Skip to main content Info 60W power adapter, 12V/5A, C14, 3-pin, Tube, cold appliance powercord and plug, 1,8 m, St. CEE7/7 to socket IEC-C13, Europe (without UK, CH)

Spectra Aerospace & Defense , C5ISR Systems

Spectra Aerospace & Defense is a platform of C5ISR companies with over a half-century of rugged, mission-ready, battle-tested experience. Size, Weight, & Power (SWaP) Program Management. Rapid Prototyping. Supply Chain Management. End-To-End Information Products & Systems . Spectra Aerospace & Defense is a trusted group of leading designers

SPECTRA water purification equipment land-based portable water

The Aquifer 200 Power Pack Solar solar water

production system provides a lightweight and convenient solution for extracting and purifying water from almost any water source. This system uses a durable military-grade plastic housing and is ruggedly designed to withstand harsh outdoor environments. The Aquifer 200 PPS w

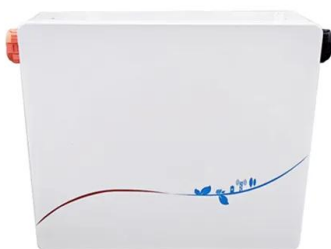

Scenarios for a sustainable energy system in the Åland Islands in ...

A fully sustainable energy system for the Åland islands is possible by 2030 based on the assumptions in this study. Several scenarios were constructed for the future energy ...

Power System of the Åland Islands

The power system is characterized by a strong focus on renewable energy. Annual consumption is around 300 GWh per year. Installed wind power is 62 MW, covering 60% of annual consumption with 180 GWh/year, while solar, mostly rooftop, contributes 15 MW, generating 12 GWh/year (4%). Bioenergy adds 2 MW, producing 3 GWh/year (1%).

Åland Islands' Energy Story

With that idea in mind, the energy company Flexens saw an opportunity to develop and build a society scale energy system based on renewable energy sources on Åland together with the island government - an archipelago ...

Spectra Power Sports Ltd , Polaris ATVs & Snowmobiles

Located in Williams Lake, BC, Spectra Power Sports Ltd. is an Aboriginal owned and operated business dealing in Polaris product. We are a full line Off Road Vehicle Dealer (ATV, Side by Side & Snowmobile). Spectra Power Sports Ltd is your gateway to fun and adventure in the Cariboo. We have a large stock of rental units including:
ATV's, Side

Tactical Communications For Land, Air & Sea

The appliqué connects to a power supply, which is either a standard radio battery, a vehicle or transport 12/24V DC or AC, depending on which SlingShot system is in use. The power supply powers the appliqué and the omni-directional antenna: Under standard operational conditions, the manpack system, using a radio battery, will run for up to 24

[Spectra PowerBox 5000](#)

Das Highend-GPU-Computing System Spectra PowerBox 5000 öffnet Ihnen die Tore zu einer ganz neuen Dimension in der Bildverarbeitung. Es besteht aus einem Basissystem, das mit bis zu zwei modularen GPU Erweiterungsboxen ausgebaut werden kann. Mit Hilfe dieses modularen Aufbaus können Sie das System passend für Ihre Anforderungen skalieren.
