Stardust solar Barbados

Overview

What is Stardust solar?

Founded in 2017, Stardust Solar is a leader in renewable energy education, providing CSA/NABCEP approved design and installation training with hands-on experience. Stardust Solar is also one of the first companies in North America to offer a franchise opportunity dedicated to the installation of solar PV systems.

Should you buy a solar PV system in Barbados?

One of the biggest, if not the biggest hurdle to further solar PV penetration in Barbados is the upfront cost of a system. When you think about the fact that the cost is essentially the prepayment of 25-30 years worth of electricity it makes sense that the price is “high”. If you could purchase a. Continue reading →.

Is Barbados a leader in solar energy?

Barbados continues to maintain a leadership position in solar energy within the Caribbean. Building on a successful Renewable Energy Rider program which has seen 9MW of distributed solar PV installed, the electricity market has finally opened up to independent power producers (IPPs) to develop utility scale solar projects.

Why should you choose Stardust solar?

Stardust Solar is the sole distributor of state-of-the-art SunPower Maxeon Solar Panels. 25-Year Warranty Repair, replace, or reimburse any defective panel for 25 years. Higher Efficiency Up to 30% more energy generated over the first 25 years. Increased Durability
