Javelin Odyssey Complete Parachute System for Skydiving

Sun Path Products was one of the first harness container manufacturers to offer stainless steel hardware as a standard feature. The decision to stock only stainless steel hardware was twofold.

1. End the chance of hardware wearing out and
2. Reduce the wear on the harness itself. All Sun Path products are manufactured with stainless steel hardware.

SunCalc

SunCalc shows the movement of the sun and sunlight-phase for a certain day at a certain place.. You can change the suns positions for sunrise, selected time and sunset see. The thin yellow-colored curve shows the trajectory of the sun, the yellow deposit shows the variation of the path of the sun throughout the year.

Javelin Accuracy Skydiving Rig , Sun Path Products

This makes your container lighter, easier to pack, and better fitting for a variety of jumpers. Harness design is also vital for accuracy competitors. The main ring placement has been relocated on the Accuracy Javelin, allowing you

to sit up straight in the harness and giving you a better body positioning on approach.
