Home

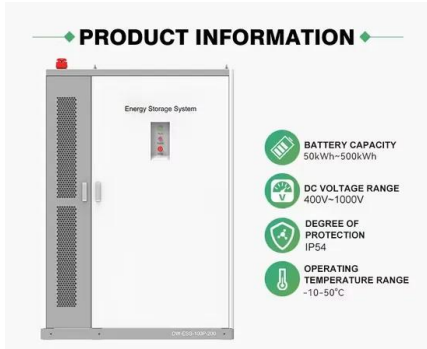

From the start, Atlantic Electric and Solar (AES) was founded on the principles of integrity, hard-work, and customer service. We understand that solar installations don't always go according to plan and that's why we set out to be different. Our founder, Jonathan Johnson, started installing solar in California with Tesla and learned

Atlantic Solar (@atlanticsolar) o Instagram photos and videos

Here's a quick explanation in 4 steps: 1 Solar panels capture sunlight. 2 The sunlight is converted into electricity. 3 The inverter turns it into usable alternating current. 4 Your home is powered with clean energy, helping you save on your electricity bill. With Atlantic Solar, switching to solar is easy and efficient.

atlantiksolar , A UAV for the first-ever autonomous solar-powered

One of the prime applications that we are targeting with our solar-powered UAVs is to provide aerial support in large-scale disasters.

From October 21 st - 31 st, in the Aventura AtlantikSolar@Brazil project, we had the chance to directly support our Brazilian partners through the first real-life (i.e. outside of research projects) disaster support mission with AtlantikSolar.

Maroni (river)

The Maroni runs through the Guianan moist forests ecoregion. [1] It originates in the Tumuk Humak Mountains and forms the (disputed) border between France (region of French Guiana) and Suriname. In its upper reaches, it is also known as the Lawa, and close to its source it is known as the Litani. The total length of Litani, Lawa and Maroni is 612 km (380 mi).
