Why is Suriname banking heavily on offshore oil?

Suriname is banking heavily on offshore oil to be a hail mary for its troubled economy. The government even tied a debt restructuring program to future oil royalties from the Block 58 project, as part of an economic recovery program guided by the International Monetary Fund.

What makes modex energy different?

Amlie, who is now based at Singapore and overseeing the company's operations in the Asia/Pacific region, believes that a key differentiator for Modex Energy is that it is the only truly integrated Cargo Carrying Unit (CCU) manufacturer and rental provider in the world.

What certifications does modex have?

The containers are issued with a "Type Approval Certificate," which enables the manufacturer to produce the same type over and over again. The China factories manufacture in accordance with requirements of ISO 9001:2008 and ISO 14001:2004 Modex is also registered with the Scandinavian Achilles JQS, which is used widely in the North Sea oilfields.
