

Solar Energy South Africa

Suriname rezolv energy ria

Overview

Who is rezolv energy?

Rezolv is a highly experienced, independent renewable energy producer. © 2024 Rezolv Energy. All rights reserved Rezolv is a highly experienced, independent renewable energy producer building a multi-gigawatt portfolio including wind, solar and battery storage that delivers clean energy across Central and South Eastern Europe.

What is rezolv & how does it work?

Rezolv aims to build a multi-gigawatt portfolio of wind, solar and energy storage. This will help companies and countries across the region meet their energy needs in response to energy security challenges and climate policies. It will take renewable energy projects from late-stage development through construction and into long-term operation.

Why should you invest in rezolv?

With long-term, committed investment from Actis, one of the world's most respected energy investors, we have a pipeline of over 2GW in large-scale wind and solar energy projects. Rezolv is led by a highly experienced team with decades of combined experience.

Will rezolv be able to build a wind power plant?

At launch, Rezolv has signed agreements to acquire development rights to two wind projects in the Central and South Eastern Europe region, with a combined capacity of 1GW. Construction contracts are expected to be awarded early next year, with the projects expected to be operational by 2025-26.

What is Actis rezolv energy?

In July 2022, Actis announced the launch of Rezolv Energy, an independent clean energy power producer, established to build a new era of sustainable

power in Central and South Eastern Europe.

Does rezolv energy have a 'St George' solar park?

Rezolv Energy, an independent power producer backed by Actis, has secured up to €90 million in debt financing from the International Finance Corporation (IFC) and Raiffeisen Bank International to support the construction of the 'St. George' solar park in north-eastern Bulgaria.
