Energy , Performance (Environment) , Swire Properties SD Report ...

We strive to continually reduce the consumption of energy in our Hong Kong and Chinese Mainland portfolios and in our hotel operations. In 2021, we adopted a variety of technologies and strategies to achieve this objective.

National Renewable Energy Program , Department of Energy Philippines

Renewable energy is an essential part of the country's low emissions development strategy and is vital to addressing the challenges of climate change, energy security, and access to energy. The National Renewable Energy Program (NREP) outlines the policy framework enshrined in Republic Act 9513. It sets the strategic building blocks that will

Energy , Performance (Environment) , Swire Properties SD Report ...

As our capacity to generate renewable energy on-site and the grid's renewable energy supply is increasing, there is a growing need to explore more efficient ways to utilise the energy that is produced. Swire Properties' Cloud-based Smart Energy Management Platform was launched in 2019 and is being rolled out in phases. Utilising IoT
