Overview

Did advanced energy industries buy SL Power Electronics?

DENVER- (BUSINESS WIRE)- Advanced Energy Industries, Inc. (Nasdaq: AEIS) – a global leader in highly engineered, precision power conversion, measurement and control solutions – today announced that it completed the previously announced acquisition of SL Power Electronics Corporation from Steel Partners Holdings L.P. (NYSE: SPLP).

Who is SL Power Electronics & Advanced Energy?

SL Power Electronics and Advanced Energy will represent a strong strategic fit with complementary technologies, product portfolios and core competencies in highly engineered, application-specific power solutions for key OEMs in demanding mission-critical applications.

Does advanced energy own SL Power?

Advanced Energy is acquiring SL Power from Steel Partners Holdings, to which the latter is currently a subsidiary. Per SL Power’s separate announcement, released April 1, the transaction is expected to close within 30 days. Until that point, the companies will continue to operate as wholly separate entities.

Is SL Power a good fit for Advanced Energy?

“I believe SL Power’s strong customer base, complementary product portfolio, and highly skilled team make it an ideal fit for Advanced Energy.” The acquisition of SL Power Electronics is expected to be accretive to 2022 earnings on a non-GAAP basis and to generate over \$4 million of annualized cost synergies.

Why did advanced energy acquire advanced energy?

The acquisition expands Advanced Energy’s medical power solution offerings by adding a complementary portfolio of products and improves its ability to meet the growing needs of industrial and medical customers.

Where is advanced energy located?

Advanced Energy has devoted four decades to perfecting power. It is headquartered in Denver, Colorado, USA. For more information, visit [. Advanced Energy | Precision. Power. Performance. Non-GAAP Measures](#)
