Solarize the Triad

Back to Solarize main page. In NC WARN's 2015 Solarize Triad program, a total of 250 Triad residents enrolled and 27 of them signed solar installation contracts for a total of 145 kilowatts, which means we reached Tier 2 pricing. Eleven families signed contracts to have weatherization work done following their energy audit. Using average household energy usage and average ...

The Netherlands Shines as Key European Energy Transition Driver

Massive imports of solar panels and components from China have been the main driver fuelling the solar push in the Netherlands in recent years. For the past three years, the Netherlands has been the largest single market for Chinese solar panel and module exports, accounting for an average of just over 23% of China's solar capacity exports
