Overview

On October 15, 2024, the Saudi Solar & Energy Storage Expo, the largest renewable energy event in the region, opened with great fanfare at the Riyadh International Convention and Exhibition Center. What is Intersolar & EES Middle East Conference 2024?

Intersolar & EES Middle East Conference 2024 will feature a comprehensive agenda covering a wide range of topics critical to the advancement of solar energy, energy storage and green hydrogen in the region.

What is Intersolar & EES Middle East?

Intersolar and EES Middle East focusses on the areas of photovoltaics, PV production technologies, and energy storage systems. Middle East Energy 2023 had over 52,014 trade and buyer visits from 170 countries and 900 exhibitors. Be part of Intersolar Middle East and present your innovative products and services.

Will 209 GW of solar power help the Middle East?

Pforzheim, Freiburg, Dubai – April 4, 2024. The sun is shining bright in the Middle East. The region's ambitious initiative to incorporate 209 GW of solar PV capacity drives the shift towards renewable energy, establishing the region as a frontrunner in exporting green hydrogen.

When is solar Expo 2024?

Scheduled to take place from April 16-18, 2024, the event will showcase the latest advancements, trends, and opportunities shaping the solar market landscape in the Middle East.

What will Dubai's energy exhibitions do in April 2025?

The three leading energy exhibitions are joining hands to co-deliver an outstanding renewables and energy storage event at Dubai's World Trade Center in April 2025.

Why is the solar market growing in the Middle East?

With renewable energy adoption on the rise and governments increasingly prioritizing sustainability, the solar market in the Middle East is experiencing unprecedented growth.

The largest photovoltaic energy storage exhibition in the Middle East

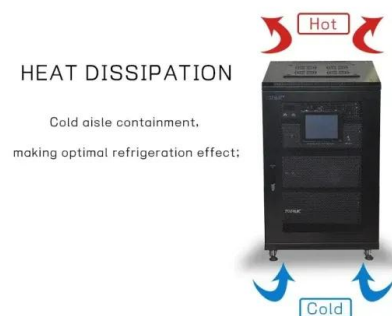

Technologies and Options of Solar Energy Applications in the Middle East

The potential for solar energy in the Middle East is immense. It in general has the highest levels of solar input in terrestrial world. The 354 MW SEGS CSP installation is the ...

Intersolar & ees Middle East 2024 Set to Ignite ...

The 49th Middle East Energy Exhibition will host the Intersolar/ees Middle East exhibition and conference from April 16-18, 2024 at the Dubai World Trade Centre, UAE. Intersolar and ees Middle East focusses on ...

Middle East & Africa Solar Photovoltaic [PV] Market ...

The Middle East & Africa solar photovoltaic (PV) market size is projected to grow from \$6.93 billion in 2023 to \$37.71 billion by 2030, at a CAGR of 27.4% Zendure offers a comprehensive energy storage system that ...

Intersolar & ees Middle East 2024: Unveiling a Bright Future for ...

Pforzheim, Freiburg, Dubai - April 4, 2024. The sun is shining bright in the Middle East. The

region's ambitious initiative to incorporate 209 GW of solar PV capacity drives the shift ...

Intersolar & ees Middle East 2024: Unveiling a Bright ...

The 49th Middle East Energy Exhibition will host the Intersolar/ees Middle East exhibition and conference from April 16-18, 2024 at the Dubai World Trade Centre, UAE. Intersolar and ees Middle East focusses on ...
