Tonga drax power limited

Overview

Who is Tonga Power Limited?

Tonga Power Limited is Tonga's sole electricity provider. We generate, distribute and sell electricity to more than 25,000 plus customers in the Kingdom of Tonga, including the outer islands of 'Eua, Ha'apai & Vava'u.

Who owns Drax Power Station?

In 1990, the electricity industry of England and Wales was privatised under the Electricity Act 1989. Three generating companies and 12 regional electricity companies were created. As a result of privatisation, Drax Power Station came under the ownership of National Power, one of the newly formed generating companies.

Can a power concession be terminated in Tonga?

Pursuant to Section 20 of that Act, Tonga Power Limited (TPL) has been granted a concession to generate and supply power throughout Tonga. While the Concession is for an open period, it can be terminated by the Government upon giving not less than three and not more than six months notice prior to the Reset Date.

What happened to Drax Power Station?

One significant change was the emergence of vertically integrated companies, combining generation, distribution and supply interests. In certain cases, it became necessary for generation assets to be divested, and so in 1999 Drax Power Station was acquired by the US-based AES Corporation for £1.87 billion (US\$3 billion).

When did Drax Group acquire Haven Power & Billington Bioenergy?

In 2009, Drax Group acquired Haven Power – enabling it to sell electricity directly. In 2015, the Group acquired Billington Bioenergy, specialists in providing sustainable biomass pellets for domestic energy systems.

What is Drax Group's key asset?

Drax Group's key asset is Drax Power Station. Originally built, owned and operated by the Central Electricity Generating Board (CEGB), Drax Power Station was constructed and commissioned in two stages. Stage one (units 1, 2 and 3) was completed in 1974.
