Trina Solar 260V panel price

Overview

\$0.60/watt Sale Price | TSM-260PD05.08 Multicrystalline Panel | 260 watt panel | Black Frame | MC4 compatible. Reliable panel suitable for a range of applications on and off grid. What is Trina Solar?

Trina Solar is a manufacturer of solar panels established in 1997. They offer panels for residential, commercial, and large utility-scale projects. Installing Trina solar panels is a common choice for Australians looking for quality at a budget. Trina Solar panels are corrosion resistant and provide excellent efficiency even in low-light conditions.

How much do Trina Solar panels cost?

Trina solar panels range in price from \$160 to \$230. The price for a Trina home solar kit is lower than buying each part of a system separately.

Are Trina Solar panels UL certified?

Trina solar panels are UL certified and approved by the California Energy Commission. This low priced module is an easy way to get started with the solar energy revolution. Powerful, versatile and adaptable, this Trina solar module TSM-260-PD05.08, generates low cost, reliable solar power for residential or commercial installations.

How efficient is Trina Solar?

In February 2019, Trina Solar established an R&D Center Of New Energy IoT. Later in March 2021, they introduced their new 670W Vertex module that achieves an efficiency of up to 21.6%. This module inherits the 210 key technologies and is the most powerful and efficient Trina solar panel.

Are Trina Solar panels available at CCL?

Trina Solar panels available at CCL at top prices, Trina Solar Vertex S and more. Browse today.

Which Trina Solar panels are best?

The Honey Series is the most popular from Trina Solar, offering a combination of performance, quality, and value for money. The panel is available in both monocrystalline and multi-crystalline cells with 120 half-cut cells, perfect for small rooftops.
