Trinity photovoltaic panel delivery address

Overview

Does Trinity solar install solar panels on the east coast?

Trinity Solar has been installing solar panels on the East Coast for nearly two decades. Here's how the long-tenured company compares with the rest of the industry. While the residential solar industry is no longer in its infancy, a company that started installing solar in 2004 is one of the old guard.

Does Trinity solar install qcells solar panels?

Trinity Solar installs Qcells solar panels, although it could install something else if a customer requests it, said Kristen Drigon, a spokesperson for Trinity Solar. The widely used residential solar panels from Qcells, one of the largest solar panel manufacturers in the world, have top efficiency ratings from 20.6% to 20.9%.

What is a typical installation experience with Trinity solar?

A typical installation experience with Trinity Solar would look as follows: The first step of going solar with Trinity is an energy consultation. It consists of submitting your address, phone number and electricity bills. This is followed by a discussion with a sales rep and an analysis of your bills.

Does Trinity Solar do its own solar installation?

Although some solar energy companies outsource the installation process to third-party contractors, Trinity Solar handles its own installations. The company has a large team of employees that make up various sectors, including customer support, construction, electrical, and service teams.

Does Trinity solar offer a roofing service?

Trinity is also set to launch a roofing service in the near future. A typical installation experience with Trinity Solar would look as follows: The first step of going solar with Trinity is an energy consultation. It consists of submitting your address, phone number and electricity bills.

Is Trinity solar a good solar inverter company?

Trinity Solar offers Q-Cells for solar panels, which are highly efficient. Q-Cells panels boast an energy efficiency between 20.6% and 21.4%, which is comparable to the best in the industry. The company offers more selection for solar inverters, including equipment from SolarEdge, Tesla, and Generac.
