Overview

Who makes Nordex wind turbines?

As one of the world's largest wind turbine manufacturers, the Nordex Group offers high-yield, cost-efficient wind turbines that enable long-term and economical power generation from wind energy in all geographical and climatic conditions. With the Delta4000 platform, the Nordex Group relies on tried-and-tested series-production technology.

Does Nordex Enerji offer a wind turbine technical training program?

As a tradition, Nordex Enerji A.Ş. organizes a wind turbine technical training program for female engineer and technician candidates every year to boost women's employment in the wind power industry.

Where is Nordex Enerji located?

The Turkish headquarters are located in the business metropolis of Istanbul in the north-west of the country. The company also has a training centre and a customer service office in Izmir in close proximity to its customers' numerous wind farms on the west coast of Türkiye. The Nordex Enerji A.S. team comprises a total of more than 430 employees.

How many employees does Nordex Enerji have?

The Nordex Enerji A.S. team comprises a total of more than 430 employees. For projects in Türkiye, locally produced components such as rotor blades, anchor cages, towers, generators and tower connection equipment are used in order to enable customers to benefit from local manufactured content.

Who is the market leader in wind energy in Türkiye?

The subsidiary Nordex Enerji A.S. Türkiye became the market leader in the wind industry in 2017 and continues to hold this position. There is high potential for the use of wind energy in Türkiye given that the mountain ranges in central Türkiye and especially the western coastal region offer consistently

good wind speeds.

Why should you choose Nordex Academy Turkey?

For projects in Türkiye, locally produced components such as rotor blades, anchor cages, towers, generators and tower connection equipment are used in order to enable customers to benefit from local manufactured content. Nordex Academy Turkey offers over 70 different training programs in the native language.
