## Overview

---

### Why does Alstom invest in Türkiye?

Alstom is committed to continuing to invest in the country, as we see Türkiye as an important partner with great ambitions to be a leading country in smart and sustainable mobility," said Volkan Karakilinc, Managing Director, Alstom Türkiye.

### Where is Alstom based?

08 May 2023 – Alstom, a global leader in smart and sustainable mobility, has announced the opening of its first Engineering Centre in Türkiye. The Centre will focus on railway signalling and is based in Teknopark Istanbul. This is the first investment by a global railway company in the country for engineering design and application.

### What will Alstom do for Türkiye?

Alstom has recently launched engineering centre which specialises in railway signalling, will provide real time support to projects in Türkiye, allowing for better management of customer needs and improved local content. The centre will continue to grow and support customers beyond Türkiye, including in Africa, the Middle East and Central Asia.

### What training does Alstom offer?

As part of the onboarding, Alstom will provide training which includes both online course work and on-the-job learning opportunities in signalling, safety assurance, integrated control centre & system engineering and other technical expertise related to management, operation, and maintenance including supporting the monorail project.
