

## Solar Energy South Africa

# United States jetion solar co ltd

## Overview

---

### Who is Jetion Solar?

As a world renowned PV manufacturer, Jetion Solar specializes in research, development, production and sales of high efficiency solar cells and modules. Since its foundation in 2004, Jetion Solar has accomplished significant achievements which outpaced most of our main competitors in terms of production capacity and in the number of innovations.

### What's new at Jetion Solar?

Jetion Solar recently announced the setting up of a new 5 GW heterojunction PV module factory in China. However, no further details about the new factory or the HJT module technology were disclosed. Jetion Solar currently has a production capacity of 2.5 GW for PV modules and 2 GW for solar cells. Last year, it put into operation a new 1 GW mono PERC cell fab at the site in Tongcheng, Anhui Province.

### How many GW does Jetion Solar have?

So far more than 15 GW Jetion Solar's products have been widely applied in over 60 countries. And as backed by CNBM, Jetion Solar also provide global EPC service and project financing. Currently, Jetion Solar has a global production capacity of 2.5 GW with 5 manufacturing plants in both domestic and Thailand.

### Why should you choose Jetion Solar?

Since its foundation in 2004, Jetion Solar has accomplished significant achievements which outpaced most of our main competitors in terms of production capacity and in the number of innovations. Jetion Solar upholds its belief that innovation is the key driver behind advancement by pursuing new technologies and higher efficiencies.

## About Jetion Solar

Currently, Jetion Solar has a global production capacity of 2.5 GW with 5 manufacturing plants in both domestic and Thailand. In 2021, Jetion Solar announced plans to invest \$460 million to build a 5GW heterojunction (HJT) factory. Jetion Solar serves worldwide customers with high-quality products and professional services.

## Informazioni su Jetion Solar

Jetion Solar è stata ristrutturata da CNBM (China National Building Material Group Co., Ltd.). Avviato lo stabilimento in Thailandia con una capacità produttiva di 100 MW di celle e 200 MW di moduli Fotovoltaici. Quota di mercato n.1 in Thailandia con più di 130 MW spediti
