

## Solar Energy South Africa

# Venezuela solar for home appliances

## Overview

---

Will Venezuela's new solar-diesel plant power 400 homes a year?

This marks a major change in Venezuela's solar energy landscape, which until quite recently was comprised mostly of off-grid systems smaller than 25 kilowatts each. The new hybrid solar-diesel plant, which began operating last month, can produce enough energy to power 400 typical Venezuelan homes each year.

Does Venezuela have a solar panel factory?

The engineer says: "It's incredible, but in Venezuela, in the industrial region of Paraguaná, we have a solar panel factory, but it doesn't have any staff. There's materials in the storage facilities to produce for three years and supply the entire country with alternative systems.

Is Yingli Green energy supplying a solar farm in Venezuela?

Chinese photovoltaic manufacturer Yingli Green Energy announced this week that it supplied 1.1 megawatts' worth of solar panels for a solar farm in Los Roques, Venezuela, making the plant in question the largest in the country.
