Vingroup starts construction on EV Battery ...

The VinES Battery Manufacturing Factory will provide Lithium batteries for VinFast's electric cars and buses. In Phase One, the factory will scale 8 hectares, funded by a total investment of more than VND 4,000 billion.

VinFast Powers Up With VinES Battery Maker Acquisition

VinFast, the electric vehicle (EV) manufacturer, is set to purchase a significant 99.8 percent share of VinES, a battery maker company. This move is part of VinFast's strategy to enhance its role in the production process and gain a competitive edge. VinFast, supported by Vietnam's leading company, Vingroup, sees this acquisition of VinES

The reason why VinES confidently competes with Chinese batteries

Also according to the CEO of VinES battery company, compared to China, Vietnam also has an advantage when the tariff for exporting batteries to markets like North America is about 2.5 times cheaper. Is a friendly trading partner with Europe and many countries around the world. In addition, VinES is currently the only company in Southeast Asia
