owner of the solar and wind power plants.⁷ Suriname receives high levels of solar irradiation (GHI) of 5.4 kWh/m²/day and a specific yield 4.3 kWh/kWp/day indicating a high technical feasibility for solar in the country.⁸ Suriname's gold mine company site has battery energy storage system (BESS) of capacity 7.8 MW/7.8 MWh.⁹

A Sustainable Future with solar energy systems , ELGAWA

A Sustainable Future for Suriname with solar energy systems. Introduction. Suriname, a nation nestled in the heart of South America, is poised for a transformative shift towards a sustainable future, powered by the sun's limitless energy. In remote villages, where grid connectivity is limited, solar power has played a crucial role in

[Coronie, Suriname 300KWp Solar PV plant](#)

The district of Coronie in Suriname enhances its energy supply with a new solar plant, set to provide power to 9% of households. Inaugurated on Saturday, July 30, 2022, this solar energy facility is expected to drive further development in the district, according to President Chandrikapersad Santokhi.

Solar Power Plants in Suriname (Map) , database.earth

China is the largest producer of solar power in the world, both in terms of solar panel production and installed solar capacity. According to the

International Energy Agency (IEA), China accounted for more than 40% of global solar panel production in 2020, and it has consistently ranked as the world's largest producer of solar panels for

ELGAWA Suriname

Elgawa N.V. is Suriname's largest technical contractor with over 66 years of experience. We offer high-quality generators, solar systems, air conditioners, water heaters, and comprehensive electrical, plumbing, and gas solutions. ISO certified for excellence. We are licensed distributors of well-known brands such as Generac, Trane, Legrand, Fronius, ABB and Vita.

About Us

As the demand for Solar Energy grew locally and internationally, our company gained shape and envisioned to become the market leader by investing a great amount of time in research & development into solutions. Since the establishment and existence of HSW Energy N.V., we received numerous requests for designing and building solar powered systems.

Suriname Energy Situation

Suriname, also known as Republic of Suriname, is a country located on the north-eastern Atlantic coast of South America. The country's total area is below 165,000 Km², which makes it the smallest country in South America [1]. 80% of the country's area is covered with tropical rain forests, with only 1.5 million ha are considered
