Where is Western Sahara located?

Western Sahara is located on the north-west coast in West Africa and on the cusp of North Africa, bordering the North Atlantic Ocean to the northwest, Morocco proper to the north-northeast, Algeria to the east-northeast, and Mauritania to the east and south.

Who inhabited Western Sahara?

The earliest known inhabitants of Western Sahara were the Gaetuli. Depending on the century, Roman-era sources describe the area as inhabited by Gaetolian Autololes or the Gaetolian Daradae tribes. Berber heritage is still evident from regional and place-name toponymy, as well as from tribal names.

Is Western Sahara a self-governing state?

Western Sahara is listed by the United Nations (UN) as a non-decolonized territory and is thus included in the United Nations list of non-self-governing

territories, which regards Spain as the de jure administering state.

Which country controls Western Sahara?

Morocco controls territory to the west of the berm (border wall) while the Sahrawi Republic controls territory to the east (see map on right). Western Sahara was partitioned between Morocco and Mauritania in April 1976, with Morocco acquiring the northern two-thirds of the territory.

Western Sahara and a Fraught Path to Peace , Lawfare

In late July, Morocco secured another diplomatic coup in a string of recent triumphs when France backed its territorial claims over Western Sahara. France joins a growing list of countries, including the United States, to champion the North African kingdom's plan for autonomy under Moroccan sovereignty. France's decision is, however, the source of much ...
