What is the brand of photovoltaic panel GCL

Overview

GCL System Integration Technology Co. Ltd (GCL) was founded in 2003 and remains a subsidiary of Golden Concord Group. What are GCL solar panels?

GCL is a company that formed the GCL System Integration Technology Co. to facilitate their manufacturing of solar panels. They have been supplying solar panels in Australia for over two years and aim at dominating the Australian Solar market. GCL solar panels are the focus of this discussion.

How many GCL solar panels are there in Australia?

Currently, 39 GCL solar panels are approved by the Clean Energy Council (listed under the name of GCL System Integration Technology Co Ltd) for the Small-scale Renewable Energy Scheme - Australia's home solar rebate program. The GCL-M8/60H has 120 half cut monocrystalline solar cells and is one of GCL's best performing solar panels.

Does GCL solar have an office in Australia?

GCL Solar currently has no office located in Australia. Compare quotes from up to 7 installers in your area now. Currently, 39 GCL solar panels are approved by the Clean Energy Council (listed under the name of GCL System Integration Technology Co Ltd) for the Small-scale Renewable Energy Scheme - Australia's home solar rebate program.

Are GCL solar panels good quality?

GCL solar panels show some promise of being good quality (particularly the Saturn and Gemini series) through their ranking as a top performer by PV Evolution Labs independent testing. Unfortunately at this stage their offering in Australia (if it is currently available) lacks good customer support.

What is a GCL solar warranty?

The product warranty is designed to cover manufacturing faults in the panel that leads to damage or malfunction and is typically 10 years for most solar

panel manufacturers. All GCL Solar panels offer a 10 year standard product warranty which is effectively the minimum expectation of the solar panel market.

Which gcl-m8/60h solar panel is best?

The GCL-M8/60H has 120 half cut monocrystalline solar cells and is one of GCL's best performing solar panels. Monocrystalline solar cell technology has a higher efficiency in comparison to polycrystalline.
