Where can I get my photovoltaic panels re-inspected

Overview

Do solar panels need regular inspections?

Regular inspections are a very important part of the maintenance of solar panels on rooftops for both domestic and commercial set-ups. Inspecting and maintaining the electrical elements of your solar panel system is also included in our comprehensive maintenance contract.

Are solar panel repairs a part of our maintenance services?

Certainly, solar panel repairs are a part of our maintenance services. Our MCS & NICEIC accredited repair team can tackle a range of issues, ensuring your solar panels return to optimal performance swiftly. Typical issues requiring solar panel repairs include micro-cracks, hot spots, and PID.

What is solar panel care?

Call our team now to discuss our solar panel care provision in greater detail. An integral part of your solar panel maintenance agreement is the routine inspection that keeps your system in good working order, identifying any damage or problems and putting solar panel system repairs into effect straight away.

What if my solar panel is not working?

Servicing includes thorough cleaning, electrical inspections, and performance assessments to ensure your system's longevity and efficiency. If your solar panels are underperforming or not working, immediate solar panel maintenance is advisable. Contact our professional team for a comprehensive check and any necessary solar panel repairs.

Why do I need a solar PV system test & maintenance?

Updated: February 2020. Regular solar PV system testing, servicing and maintenance will extend the life of your solar PV system and ensure that solar panels are always operating safely and at their best, whilst maximising yields.

How much does a solar panel service cost?

A solar panel service will set you back around £100, but it will also prevent any possible future issues for your solar panel system, and hopefully, lead to 30 long years of solar-soaking panels. Cleaning your solar panels will also help avoid issues, and if you don't want to do this yourself, solar panel cleaning costs £100-£150.
