

Solar Energy South Africa

**Which trademark category does
the photovoltaic bracket belong
to**

Overview

Intellectual Property Offices worldwide use a trade mark classification system that groups together similar goods or services into 45 different classes. This is referred to as the Nice classification. Each class contains a list of terms. These cover all the goods or services included in that class: 1. goods are in classes 1 to 34 2.

It's important you choose the correct class and terms, as your trade mark will only be protected for the goods and / or services you select in your application. You cannot add extra goods or services after you have applied.

Our search UK trade mark classes service will help you search for and classify, the goods and/or services you need to apply to register your trade mark. You can also: 1. email the Intellectual.

What goods do you sell, or are intending to sell in the future?

It is important that you only include the goods/services you intend to use the mark on now and within the next 5 years. The.

Your trade mark application includes one class in the cost of a trade mark application. Extra classes cost an additional £50 per class.
