Zhongke Wind Power Generator

Zhongke Wind Power Generator

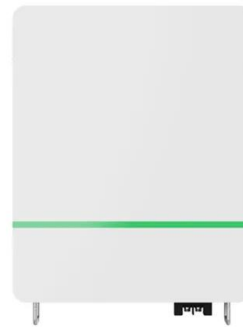

[Wind power in China](#)

The Zhongke Hengyuan Energy Technology company invested CN¥400 million in building the base for the maglev wind turbine generators, in which construction began in November 2007. Zhongke Hengyuan expects a yearly revenue of ...

[How Do Wind Turbines Work?](#)

Wind turbines work on a simple principle: instead of using electricity to make wind--like a fan--wind turbines use wind to make electricity. Wind turns the propeller-like blades of a turbine around a rotor, which spins a generator, ...

The 7 Best 10kW Small Wind Turbines for Your Home

Courtesy of wind-turbine-models . It's also one of the most affordable on the market, making it an excellent choice for small businesses and homeowners. The recommended height for this turbine is 80 to 100 ft (24 to ...
