the state of the art. However, it shall not be liable for any loss whatsoever, direct and/or indirect, suffered by a user of the website, which arises as a result of the unlawful use of its systems by a third

## ZNL Energy's PPS battery separator ends lithium-ion fire hazard

ZNL Energy has developed the ZNL-NP15 lithium-ion battery separator made of polyphenylene sulphide (PPS), a chemical and heat-resistant plastic material. The fire safety properties of the ZNL-NP15 make it ideal for use in all types of lithium-ion batteries. In particular, the separator increases fire resistance by inhibiting short circuiting.

## ZNL ENERGY AS

ZNL Energy's technology is a disruptive innovation that could potentially transform the battery industry. Our separator can prevent the flow of electrons in the event of a thermal runaway, which is a phenomenon that can occur when a battery overheats and can cause a fire or explosion.

## **ZNL Energy: The Next Unicorn in Battery Technology?**

So, back in 2012, our inventor and founders of ZNL Energy, they started developing a dry electron manufacturing method for zinc ion batteries. Even though zinc ion batteries are maybe the long-lived battery technologies from Alexander Volta back in the 1900s, it has issues with the extreme thermal runaway and then drift formation, basically

## Jan Børge Sagmo skal hente 20 millioner kroner til ZNL Energy

- ...

ZNL Energy er et selskap som har og utvikler rettigheter til sink-ion battericeller samt en separator som reduserer brannfare og øker levetiden på batteriene. Den passer til alle litium-ion batterier. Selskapet startet i desember 2021, og Sagmo gikk inn som investor i januar 2022. Han startet å jobbe der i september 2022, etter at han ga seg

### [Business Norway](#)

ZNL Energy provides zinc-ion battery cell technology for stationary energy storage. Applications range from home energy storage to industrial-scale projects, including renewable energy. The technology uses abundant, recyclable, sustainable and fireproof materials,

resulting in a high-quality, low-cost battery that meets all market requirements.
